Mobility & More, LLC

Repair & Installation Services

Repair

We have many years of experience working with our manufacturer's lines, but we are also extremely familiar with virtually all brand scooters, pmvs, stairlifts, wheelchairs - so that we can service any need you might have in an affordable, professional and competent manner.

Installation Services

We are extremely well-known for our reliable and proficient installation services. Many companies have limited experience - particularly with the types of vehicles lifts necessary for your particular vehicle or with the more complex custom-curved stairlift installation. Our results are always top-notch, our promises kept as to install times and you will also be pleased with our courteous and professional manner. References are always available upon request.
